- Surfaces & Setout Plans

Two developers have partnered to revitalise the former public housing site located within the premium Canberra suburb of Red Hill. **SPACELAB** worked in collaboration with the original architect on the project to develop the concept prior to the engagement of a builder for the terraces.

The redevelopment comprises of 83 premium separate title terraces, 4 apartment buildings and 25 land lots, all situated within a series of public parks. **SPACELAB** is now working with the chosen builder to deliver the construction documentation for the terraces.
