Brendon is an Urban Designer and Landscape Architect with over 15 years of experience in the construction and design industry.

Brendon has carried out many projects in the ACT for the ACT Government, Suburban Land Agency, National Capital Authority, and private developers, and has extensive experience on public realm/urban renewal projects.

Brendon spent over 4 years as part of the Bulk Water Alliance, working on the recreation projects associated with the Cotter Dam Enlargement. Brendon was also the design manager and lead landscape architect on a number of high-profile projects, including The Grounds, Braddon (\$120mil project value), Kingsborough (\$180mil project value). Brendon has extensive experience on greenfield and education projects, having worked on several estates and schools in Canberra and the surrounding region.

Brendon is technically precise and familiar with Australian Design Standards, the ACT Standard Specification, ACT Government reference documents. Brendon is proficient in various digital design packages, including AutoCAD and the Adobe Design Suite (Photoshop, Illustrator, and InDesign), as well as traditional drafting and design in various media. Brendon is experienced in working in a multi-disciplinary working environment and has a well-honed ability to “just get stuff done”.
